Rioting Which Began in McComb City Culminates in Killing of Striker Today: Few Men Return to Work.

By Evening Herald A. P. Leased Wire

Jackson, Miss., Oct. 3.—After receiving advice that hundreds of heavily armed men are today pouring into McComb City from outlying rural sections, Governor Noss ordered the Laurel and Yazoo City companies, state militia, to the scene of yesterday's conflict between strike breakers and strikers and sympathizers, to aid troops already on the ground.

TECOPERS PATROL

McComb City
McComb, Miss., Oct. 4.—State troops patrolling the streets of McComb City today, curbed rioting that began last evening with an attack on strike breakers' camps south on the Illinois Central Railroad and railroad docks leading to the killing of Lem Hester, a railroad striker, and an explosion of dynamite planted near the railroad docks.

It was learned today that Carl Clayton and Trudy Curtis, both strikers, were shot and badly wounded during the night while walking near the Illinois Central docks.

The departure of the special train with strike breakers originally scheduled to leave for New Orleans at 10 o'clock, was delayed on account of a conference between military authorities and railway officials. At 2 o'clock it was uncertain.

Cpl. E. H. Baker of Natchez, in charge of command of the troops here, at noon ordered that every member of the National Guard at Natchez who failed to join his command this morning be arrested and sent immediately to McComb City. A platoon of National Guards with machine gun will meet us this afternoon.

SAN FRANCISCO IS STRIKE BREAKING POINT

San Francisco, Cal., Oct. 4—The fourth day of the shop men's strike on the Harrison lines opened without any indication of rioting about the stockades which enclose the plants, although two carbines of strike breakers were taken into the local yards last night.

According to E. L. Reznik, president of the Federation, San Francisco is to be the distributing point for strike breakers, who will be sent to the smaller shops along the road. Reznik said the men brought here last

WHITE FLAGS SHOWN AT TRIPOLI WHEN FIRING BEGINS

Great Care Taken During the Bombardment By Italian Warships Not to Damage Town; Arbitration Possible.

By Evening Herald A. P. Leased Wire

Tripoli, Oct. 3.—It is officially stated here that Vice Admiral Caviglino said in a speech to the government that the bombardment of the town by the Italian Tripoli and other naval vessels had been conducted without damage to the town.

He said the following:

"In view of the difficulty of distinguishing友 enemy from friend, I have taken all possible care to avoid damage to the town, and I have done my best to do so."

The case of Dennis is known as Gross, Kelly & Company was taken up in the divorce court this morning and will probably take all of today and tomorrow to conclude. The suit is for damages for an alleged breach of contract, and involves something over \$17,000. The plaintiff is represented by Martin & Dolan, and the defendants by E. W. Donnan and Judge R. A. Mann. The contract out of which the case arises was for the cutting of a large tract of timber in the eastern portion of the state.

The attention of the people of Albuquerque is seriously called again to the fact that the New Mexico Cigar company store, 112 West Central Avenue, has been designated by the New Mexico State Fair association as the official bureau of information for fair week. All persons having rooms or sort of accommodations to offer are urged to register their names, addresses, telephone numbers and rates for rooms and board at the New Mexico store at once. Fair visitors to Albuquerque will be directed at the Santa Fe station to the bureau of information and will be provided with guides to rooms in various parts of town. It is quite likely that all the hotels and rooming houses will be crowded during fair week and that there will be a demand for rooms in the residence district.

At least about ten days ago, for safety of a shop, was agreed upon on mutual terms.

The sons of Mrs. Mary E. Dennis, Mrs. Gross, were present on the firing of the Italian ships, and charged with a lack of care and neglecting an interest of their mother in the safety of her son, Dennis. Dennis, 20, is the son of a stockholder in the company, and was educated at the University of Michigan, and is not guilty of the charge.

James Dennis and James Dennis pleaded guilty to the charge of harboring from a shop.

Dr. E. N. Wilson gave legal aid in the case for each of the defendants found guilty, and the court imposed a fine of \$100 on each of them.

Charles F. Asbeck gave legal aid to the three defendants found guilty for the charge of participating in the bombing without a license. Asbeck is the representative of the Tramoreide company here.

John F. O'Neil, attorney for the defendant in the case of Barbara, widow against Jose Antonio Chico, administrator of the estate of Jose Peña, also Chico, who was killed in a sense case last year, thus concluding the trial of the defense of the widow, which was completed.

Several cases were taken during the bombardment and no damage to the ship, only a lightning strike on one of the last.

The case was dismissed.
